

Supplies for 2020-2021

Many of the supplies you would usually be purchasing at this point in the year have already been ordered in bulk. Students will have pencils, paper, pens, erasers, markers, etc, provided by the school in order to limit the amount of things being sent in from home.

You can help us to offset costs of supplies and other COVID safety equipment by donating to OLOL Health & Safety on our website under the “Store”. We have purchased desk shields for all student desks and tables, hand sanitizing stations, PPE for our teachers and staff, and additional cleaning and sanitizing materials.

During Orientation Week we will have large bins on the front steps to collect any Clorox Wipes, gallon size Ziploc bags, and tissues. We will need many of these items, and disinfectant wipes are particularly difficult to find. If you come across them in your shopping please consider buying an extra one for school.

We are asking families to purchase the following items for students in every grade:

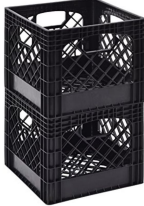

- Lunch box (or brown bags daily)
- 2 Cloth face masks (to come to school and home to be washed each day). Please keep designs simple.
- Water bottle

Backpacks:

- Students in Preschool through 3rd grade will **not** be bringing a backpack to school each day. Teachers will send home materials in a Ziploc bag if necessary. Much communication between home and school will be digital and paper-free.
- Students in grades 4 - 8 should have a backpack and will bring home textbooks and assignments as necessary, but with an emphasis on digital tools, communication, and paper-free.

For students in grades K -8 who are attending on campus classes:

- Each student will need a storage crate (middle school students will not be using lockers) to keep their belongings during the day. Please see the examples below and have that for the first day of classes.

For all families - blended and all online instruction:

- All students will have at least some home learning for September. Every family should make sure to have school supplies at home (paper, pens, pencils, etc), a comfortable space for your child to work, access to a computer or tablet, and access to a printer and ink.
